RE: Free Tract Society tracts still being printed and mailed at a different location, under HIS Print Media Ministries.

Dear Free Tract Society Customers,

The Free Tract Society of Los Angeles has turned their printing over to us. We started working with them about 2004. We are a non-profit subsidiary of Mercy International, Inc., and have a city non-profit business license for our 1900 square foot Christian Evangelism Printing print shop located in Santa Maria, CA.

In addition to Free Tract Society tracts, we also have 90+ additional tracts available that can be viewed as PDF documents on our website www.tracts4u.com.

Both we, and the Free Tract Society have some pre-printed tracts here in our print shop. With digital documents and laser printers, we can print on demand, and even add your custom contact information on the back of tracts before printing. If you e-mail us or calls us, I can send you a PDF list of currently available titles of Free Tract Society tracts. I also have a PDF interactive list of HPMM tracts on hand with links to cover pictures and their messages. We also have the FTS negatives film documents (when they were using printing presses), from which we have been making computer documents as needed. We still do one and two color printing press tracts in larger quantities, as well as professional laser printer tracts from computer documents.

We are honoring the FTS price of \$10 per pound for tracts. Mailing is by USPS Priority Flat Rate Envelopes and boxes. The minimum shipping charge at this date is \$10.

Tract Sample packets (English & Spanish) are free with \$10 for mailing.

As payment for orders, we accept Checks and Money Orders made out to HIS Print Media Ministries. We do not accept credit or debit cards, or Pay Pal.

The Free Tract Society now has a newly designed website with the built in contact and order forms linking directly to our own e-mail address: info@tracts4u.com.

We are excited to hear of your interest in tract ministry, and hope to work with you further.

In ordering tracts, you can use the order form built into the FTS website, or contact us directly through the information at the top of this page.

David Hupp, HIS Print Media Ministries
