**Power Filled Life** 

The best way to happiness is minis-  
 tering to the needs of others.   
 Difficulties can make us bitter or they  
 can fill us with compassion.   
 Our experiences of suffering can be  
 used to equip us to help others who  
 suffer.    
 How I praise you precious Jesus. That  
 you placed your love in me.   
 You have saved and cleansed and filled  
 me that your love might shine through  
 me.    
 Jesus gives us the power.   
 Jesus said, "I am the light of the  
 world: he that followeth me shall not  
 walk in darkness, but shall have the  
 light of life."  

John 8:12
