

The devil wants people to either be afraid of him or believe that he doesn't exist. Either way, he wants to secretly control the life of every person on earth.

The devil controls people by getting them to practice sin. Sin is doing something that we know is wrong. When we sin, we are letting the devil have control of our lives. (Romans 6:16.)

The only way we can resist temptation to sin is to trust in Jesus Christ as Savior. When we ask Jesus to come into our hearts,

His power helps us to say "no" to sin. He also forgives the sin we have already done. If you haven't trusted Jesus to forgive your sin, pray and ask Him into your heart like this:

Dear Heavenly Father,
I admit that I have sinned against you. I am sorry for the wrong I have done. I believe that Your Son, Jesus, was punished for my sin when He died on the cross. I believe that He rose from the dead and sits at Your right hand. I confess Jesus as my Lord. Jesus, come into my heart. Thank you, Lord, for hearing my prayer. In Jesus' name. Amen.

Halloween was first celebrated by the Druids hundreds of years ago. These people were very superstitious and believed that witches, demons and spirits of the dead roamed about on the night of October 31st.

Because the Druids were so afraid of these forces of evil, they disguised themselves as evil spirits to confuse the real ones. They also set out food offerings to the spirits. This is where the term "trick or treat" comes from. The Druids tricked or treated the evil spirits.

The Bible tells us that there really is a devil who has millions of helpers called demons. Although we cannot see them, they are very real. (1 Peter 5:8-9.)

When Jesus lived on the earth, He met people who were tormented and controlled by the devil. He made the devil leave the people alone. (Mark 5:1-20.)

The devil, who is called Satan, is responsible for all the trouble that is in the world. Jesus tells us in John 10:10 that the devil is the author of everything that is bad.
